Title (description)
Data base administration accounts for M&O personnel

Documents Affected	**Source Nos** (RID, NCR, Action Item, GSFC CCR, etc.) or **Tech Reference**
None.	N/A

RTM Change ☐   **Start New Baseline** ☐

Problem
Need Database administration authority on S0MOH02 HP machine. This is required for research and development of tools for the DAAC database administrators. Specifically, to evaluate the SQL monitor and ESSM tools. This access needs to be granted to Jameta Seabrooks and Pam Johnson, two members of the M&O team. Please note that S0MOH02 is not currently being used as a development platform so these priviledges should have no ill effect on other program efforts.

Proposed Solution
DB Admin accounts should be granted for the above individuals.
